

PORTABLE DATA LOADER AND ACCESSORIES - 2022

PRODUCT	PART NUMBER	DESCRIPTION
PORTABLE DATA LOADER	11615-50 MOD A	ARINC 603, ARINC 615-3, and ARINC 615A load capabilities. Contains internal CD/DVD Optical and Floppy Diskette Drives. NOTE: Internal Media Drives may be discontinued or have limited support in the future.
PORTABLE DATA LOADER	11615-50 MOD A MOD C	ARINC 603, ARINC 615-3, and ARINC 615A load capabilities. Contains internal CD/DVD Optical and Floppy Diskette Drives. Includes the PDL Security Signature Checker compliance software along with device hardening per ARINC 645. NOTE: PNR 909924276-01 must be purchased with the MOD C option. NOTE: Internal Media Drives may be discontinued or have limited support in the future.
PORTABLE DATA LOADER	11615-50 MOD B	ARINC 603, ARINC 615-3, and ARINC 615A load capabilities. Internal CD/DVD Optical and Floppy Diskette Drives have been omitted due to obsolescence. NOTE: External hardware may be used; External USB Floppy drive, etc.
PORTABLE DATA LOADER	11615-50 MOD B MOD C	ARINC 603, ARINC 615-3, and ARINC 615A load capabilities. Internal CD/DVD Optical and Floppy Diskette Drives have been omitted due to obsolescence. Includes the PDL Security Signature Checker compliance software along with device hardening per ARINC 645. NOTE: PNR 909924276-01 must be purchased with the MOD C option. NOTE: External hardware may be used; External USB Floppy drive, etc.
AERO SECURITY MANAGEMENT APPLICATION (AERO-SMA)	909924276-01	Used to transfer/add (Loadable Software Aircraft Parts) LSAP's, certificates, passwords, log files, and other pertinent data loading information to/from the PDL, PNR 11615-50, MOD C version only. NOTE: PDL SSC Software Application, PNR 909927355-02, must be installed. NOTE: Only one application of the AERO-SMA is required.
PDL SECURITY SIGNATURE CHECKER (SSC) SOFTWARE APPLICATION	909927355-02 PDL MOD C INSTALL	PDL, PNR 11615-50, MOD C software update. Includes the PDL Security Signature Checker compliance software along with device hardening per ARINC 645. NOTE: Must be used with the AERO-SMA, PNR 909924276-01.
AERO-SMA & PDL SSC SOFTWARE APPLICATION EXTENDED SUPPORT AGREEMENT	909902372-00	Includes extended software support on the AERO SECURITY MANAGEMENT APPLICATION (AERO-SMA), PNR 909924276-01 and PDL SECURITY SIGNATURE CHECKER (SSC) SOFTWARE APPLICATION, PNR 909927355-02 after the included new/initial 1-time PDL support runs out.
EULA	7353852-01	Included in the price of all PDL's, END USER LICENSE per AERO INSTRUMENTS & AVIONICS, INC. END USER LICENSE AGREEMENT. NOTE: Document must be acknowledged by the customer.
ATSU/FDIMU ADAPTER CABLE	110601212-01	Used w/ARINC 615 Cable (110602001-01) to provide the interface to the Air Traffic Service Unit or Flight Data Interface Management Unit for Airbus A3xx, 1ft.
ARINC 615 INTERFACE CABLE	110602001-01	ARINC 615 Loading Cable (53-PIN Circular Type), 10ft.
FADEC ADAPTER CABLE	110602003-00	ARINC 615 Loading cable used to support the CFM56-5/-7 Full Authority Digital Engine Controller, 20ft.
ARINC 603 ADAPTER CABLE	110602005-01	Used w/ARINC 615 Cable (110602001-01) to provide the interface to ARINC 603 (31-PIN Circular Type), 1ft.
PDL MSD EFB ADAPTER CABLE	110602020-50	Universal cable used to interface to the PDL Internal Mass Storage Device (USB), ARINC 615A over Ethernet to the Boeing B777 Electronic Flight Bag (EFB Circular Type), and to supply AC power (115/220 VAC, 50/60/400 Hz) to the PDL, 10ft.

PDL MSD ADAPTER CABLE	110602024-54	Interface cable for the PDL Internal Mass Storage Device (USB) and to supply AC power (115/220 VAC, 50/60/400 Hz) to the PDL, 5ft.
PDL EFB ADAPTER CABLE	110602025-55	Loading cable used for 615A over Ethernet to the Boeing B777 Electronic Flight Bag (EFB Circular Type) and to supply AC power (115/220 VAC, 50/60/400 Hz) to the PDL, 10ft. Similar to (110602020-50), does not allow access to the PDL MSD.
PDL ETHERNET ADAPTER CABLE	110602026-56	Loading cable used for ARINC 615A over Ethernet that requires an RJ45 type connector interface and to supply AC power (115/220 VAC, 50/60/400 Hz) to the PDL, 15ft.
PDL TO DLM-900 UPLOAD CABLE	110603569-01	ARINC 615 Loading cable used to support the Collins DLM-900 ACARS System (DB25 Type) and to supply AC power (115/220 VAC, 50/60/400 Hz) to the PDL, 6ft.
PDL TO CMU-900 UPLOAD CABLE	110602689-00	ARINC 615 Loading cable used to support the Collins CMU-900 Communications Management Unit (DB25 Type) and to supply AC power (115/220 VAC, 50/60/400 Hz) to the PDL, 6ft.
PDL STORAGE CASE	APC-B320	BLACK PELICAN CASE WITH CUSTOM FOAM INSERT AND ID LABEL. USED TO STORE & PROTECT PDL AND INTERFACE CABLES.
